

Caningeraba State School

... Success through Challenge

Student Resource Scheme 2017

Purpose

A *parent* is directly responsible for providing the student with textbooks and other resources for a student's use while attending school. As a service to assist parents with the cost of these educational resources, Caningeraba State School will operate a Student Resource Scheme (the Scheme) in 2017 in accordance with Education Queensland guidelines¹ and with the support of the school's Parents and Citizens Association (P&C).

The purpose of the Scheme is to provide parents with a cost effective alternative to purchasing textbooks, resources, consumables and/or materials from elsewhere, through reduced prices gained from the school's bulk purchasing processes.

Overview

The Student Resource Scheme enables a parent to enter into a written agreement² with the school that, in return for payment of a specified annual participation fee, provides for the participating student's temporary use of prescribed textbooks and other resources and/or for the purchase by the parent of consumables and materials for the student's use.

The Scheme is not used to raise funds for other purposes. Participation fees are directly applied to fund the service delivered by the Scheme. It provides the entire package for the specified participation fee and is not available in parts unless specifically provided for by the school in the scheme fee structure.

The Scheme is referred to as a Student Resource Scheme, regardless of the extent of goods and services provided by the scheme, for example textbooks, hire of musical instruments.

A summary of the resources included in the 2017 Student Resource Scheme and the participation fee for each year is shown below:

The 2017 Scheme will be managed by the school and whilst the principal may enter into supply arrangements for items provided by the Scheme with third parties, the principal is responsible for the management of the Scheme.

Participation in the scheme is voluntary, and no obligation is placed on a parent to participate. A parent's decision to participate is based on consideration of the value afforded by the scheme.

If a parent chooses to participate in the scheme and completes a Participation Agreement Form, a participation fee is due and payable by the parent in accordance with the timeframes stipulated by the school.

On lodgment of the completed Participation Agreement Form with the school and payment of the participation fee in accordance with the agreed payment arrangement, the school shall provide the items to the student when due for the student's use.

Payment of the participation fee by the parent is a requirement for continued participation in the scheme. An unpaid fee will be subject to the school's debt recovery processes.

A parent who does not wish to join the scheme is responsible for providing the student with the items that would otherwise have been provided to the student by the scheme as detailed on the Year Level Requirements List and/or Subject Requirements List provided herein, to enable the student to engage with the curriculum.

The Student Resource Scheme includes textbooks and/or educational resources that, in the absence of the scheme, would be purchased by the parent for the student's use at school. The Scheme includes printed material such as workbooks and worksheets, produced by the school in lieu of prescribed textbooks.

Education Queensland's *State Education Fee Matrix*³ outlines the goods and services commonly provided to a student and included in school fees and all items included in the 2017 Student Resource Scheme are compliant with this matrix.

The following table details a breakdown of the Scheme fees for each Year level and the RRP of the items required should you elect not to participate in the Scheme. This information is openly provided to parents to assist making an informed decision on the benefits of participating in the scheme and to demonstrate how the fees have been reasonably determined.
